

<p>What is the Public Notice About?</p>	<p>This is a REQUEST FOR PUBLIC COMMENT on a Renewal Application by Philips Services Corporation (dba 21st Century EMI) for a renewal of their Resource Conservation and Recovery Act (RCRA) Permit for the Storage and Treatment of Hazardous Waste at the Fernley Facility.</p> <p>Twenty-One (21) EMI is proposed to be permitted to accept, store and treat the waste identified in the Draft Permit. Currently Twenty-One EMI is a commercial hazardous waste treatment, storage and recycling facility. Wastes managed include acid, alkaline, metal bearing aqueous liquids and sludges, cyanides and batteries. Under the terms of the new Permit the facility may receive, store and process bulk and containerized wastes. Waste greater than 500 ppm VOC content are to be accepted for storage only. The facility will be required to conduct groundwater monitoring and will be clean closed at the time of cessation of any permitted hazardous waste activity.</p>
